

TIMELESS COLLECTION

# ELABANA® TROPICAL ROOF SYSTEM

*Trusted roof system for decades*

Russet Brown

\* The picture shown is only for illustration purposes.

MONIER® ELABANA® Roof System has been protecting homes from the harsh tropical weather in Malaysia for over 20 years. Bringing you even more added value, MONIER® has bridged all elements of World Class Industrial Excellence in roofing technology, superior quality and cost efficiency into the new MONIER® ELABANA® TROPICAL Roof System.

## DIMENSIONALLY CONSISTENT

High quality toolings were used to produce MONIER® ELABANA® TROPICAL which gives it the dimensionally consistent shape and size to ensure high level of roof performance.

## COMPACT ROUND NOSE

The unique round nose, improves ageing by delaying fungus and algae growth at the nose of the tile. This feature is well-matched and suitable for Malaysian weather.

## EASY INSTALLATION

Moulded with precision and uniformity to ensure dimension stability for a consistent and perfect fit each time. Tiles can be laid cross-bond and straight-bond.

## SUPERIOR QUALITY

In compliance with MS797: PT I: 1982 product certification, you can be assured that the roof tiles are extremely durable.

**MORE POWER TO YOUR ROOF**
