MEDITERRANO® ROOF SYSTEM

A touch of Mediterranean style

Italian Terracotta

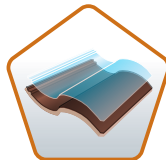

MONIER MEDITERRANO® lends a touch of Mediterranean style to your home. Its bold, rolled design refers to the old, rounded tiles found on the Mediterranean banks. MONIER MEDITERRANO® has benefitted from our Technical Centre expertise, enabling the roof system to withstand the extreme weather conditions in tropical countries. With our H₂O Tech, its coating is long-lasting and water-based, making MONIER MEDITERRANO® one of the most environmentally friendly roof tile available in Malaysia and was awarded the Malaysian Innovation Excellence Award.

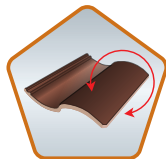

WATER BASED LONG-LASTING COATING

MONIER MEDITERRANO® roof tiles are protected with 2 layers of water-based coating. It is an innovative eco-friendly process which provides exceptional durability of up to 10 years*.

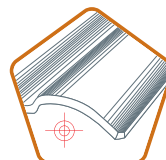

MATT COLOUR CONSISTENCY

MONIER's state-of-the-art coating process contributes to consistent matt colour finishing on MEDITERRANO® roof tiles. This is attained through quality checks at different levels - from colour formulation to production technology - to achieve perfect and uniformed layers of coating.

FULL-BODIED PIGMENTED

MONIER MEDITERRANO® roof tiles are full-bodied pigmented homogeneous tiles and most suited for exposed roof designs.

EXCELLENT WATER-TIGHTNESS

MEDITERRANO® roof system is tested under tropical rain simulation with excellent performance results and water-tightness, enabling it to cope with the extreme weather conditions in Malaysia.

* Accelerated ageing tests performed by MONIER Technical Centre to simulate products performance under Malaysian weather conditions.

MORE POWER TO YOUR ROOF

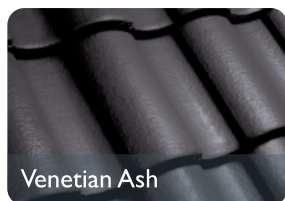

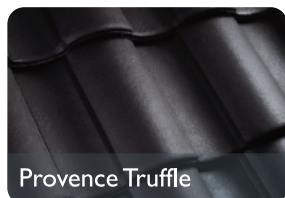

MEDITERRANO® COLOUR PALETTE

Enhance your roof aesthetics with a wide range of Mediterranean inspired colour tones. Our H₂O Tech provides a matt and consistent colour finishing to your roofs.

HERITAGE COLOURS

NATURAL COLOURS

*The colours shown here are reproduced as close to the original as printing technology allows. For best accuracy on colour selection, refer to actual tile.
